## 1. OC:INTRO

### OC: INTRODUNCTION

"Hi reader's my name is Wolf and this here is my mate to be Scarlet," he says pull in Scarlet to him. "Hi I'm Scarlet, oh hon tell them about us," she says caressing his cheek. "Scarlet you know that's in the 3rd chapter," he says sternly. "But honey," she says giving him the Toothless wine \*\*(seen in HTTYD Gift Of The Night Fury)\*\*. "For the love of Thor I'll tell I'll tell just stop with the eyes please," he says trying to resist with a fail. "Score for the Day Fhmmmâ€¦," she says before being muffled. "Anyway Scarlet and I come form a far away island called Night Isle anyhow I'm the heir of the Fang tribe and Scarlet isâ€¦," he says being interrupted. "I'm from the other side of Night Isle and I'm the heir to the Blood tribe and both of our tribes have been at war for over 300 years and thanks to us there will finally be peace,"\*\*(Why does that sound familiar) \*\*she said with pride. "Night Isle is full of visious beasts so are families have adapted to hunting these beasts and out of everyone on the island Scarlet and I are the best mostly when we work together," he says drawing his black bow while Scarlet draws her white bow. "And together we are the Scarlet Wolf," she cheers. "Ok; enough about us lets get to the story," he says aiming at a elk. "This is," she says aiming at the same elk.

## 2. RETURN OF DP5-1-5-0

\*\*Hey everyone I'm SO sorry you had to wait for such a long time, but I'm back and so is my sis. I know most of you (or all) want an explanation for this. Well I'll make is short but if you want to know the whole thing let me no and PM. Well the sis and I had to go to another continent for a distant family reunion or something of the sort. Stayed for a week, at least that was the plan "sighâ€|" we both had to go to court there and in America. Apparently a far off cousin of ours died after having two kids, but the father was able to raise them until they were eight and nine. So he just threw them to another family member but they didn't know how to raise children and one thing lead to another and just last month we both returned to America but what we didn't expect was that some how the family dropped the kids on sis and I. Now sis and me are parents, she got the girl and I got the boy. Its been hard but we've managed and the bond is growing more so than other's a.k.a me and my son. Sis never was great with kids. But that's why we've been gone for so long. Again I'm so sorry you had to wait but now we've got to more imaginations for all this. Anyway I hope you'll enjoy these continuation's and new stories (we have just started working on are first pokemon fanfiction so I hope you'll check it out tomorrow. Anyway got to go, got to help my sis before he mind brakes the third chain. BYE! \*\*
